4 Members

Every Flavon® Member is an independent contracting party who is obliged to run her/his business according to this Agreement and the laws of the particular country. Only adult natural person can become Customer and Preferred Customer. Flavon records only Customers and Preferred Customers on the positions. If a Customer or Preferred Customer registers a DBA, the membership of the Customer or Preferred Customer is kept on the position.. One DBA can be registered by more Customers or Preferred Customers.

4.1 The principle of 'one member – one position': Each Member can have only one position in the Flavon® system. The positions of spouses, life partners, or relatives living in the same household are handled as one position (**Unified Membership**) without exception and they can be placed exclusively on the same sponsor line, sponsoring each other. The regulations on the Unified Membership of the present Organizational and Operational Regulations must be applied as if it would be one position. In case of the termination of any Membership of these positions for any reason the Membership will be terminated automatically regarding the side position, too and the DBA registered by the Member will be terminated as well. If it comes to the notice of Flavon International Ltd that the spouse, life partner or relative living in the same household of any of the Members registered to a different sponsor line then the mentioned Member will be transferred below the position of his/her spouse, life partner, or relative living in the same household.

- 4.2 Position transfer:** The Member status in the Flavon® Network is bound to a person. It can only be transferred with a written consent of Flavon International Ltd., which the Member must apply for in writing. The condition of approval in respect of a position transfer is that the new Owner commits to purchase his/her Activation Carton on his/her position in the first three months after the position transfer (he/she registers for autoship). If the new Owner fails to comply with this obligation then he/she commits a serious breach of contract. Flavon International Ltd. will decide in 30 days after receiving of the request. Unified Memberships can be transferred together only. When the Membership status is transferred, the position of the former Member is terminated, she/he loses their network and cannot join any other Member for 1 calendar year. However, as a new Member she/he can join her/his former sponsor any time. Only the original owner is eligible for collecting the commission accumulated on the actual position before the transference. The new owner of the position controls the commission accumulated after the transfer. Commissions cannot be collected retrospectively. The conclusion of false, fictitious transference containing malicious intentions is strictly forbidden. If a Member or her/his company concludes such an agreement or contributes to its conclusion, it shall result in her/his immediate exclusion.
- 4.3 Position exchange:** Rules related to transference are decisive for **exchange** of Membership statuses as well. The only exception is that exchange will not result in the termination of Membership positions because they are simply exchanged. Flavon International Ltd. may reject any Membership status exchange request. If there are grounds for assuming that the underlying intention is sponsor shift, structural modification or regrouping, the Membership results in immediate termination.
- 4.4 Sponsor change:** a Member can change her/his sponsor only with the permission of Flavon International Ltd. The Member should submit a written request on the sponsor shift, for which she/he attaches the signatures of his/her up-line sponsors on 12 levels. If the sponsor line is not that long, the signatures must be collected up to Flavon® company group inclusively. Unified Memberships can request sponsor change together only. The Member requesting for change will be deleted from his/her earlier position and will be allowed to join his/her new sponsor immediately. However, she/he cannot take any of her/his recruited Members, or her/his Network with him/her, they will be taken over by the applicant's former direct sponsor. Flavon International Ltd. may reject any sponsor shift request when there are grounds for assuming that the underlying intention is structural modification or regrouping.
- 4.5 Losing one's Network:** If the Customer or Preferred Customer does not buy his/her Activation Carton of the reference month in 6 consecutive months, she/he will lose his/her whole Network (in unlimited depth) after the closing of the 6th inactive month. In this case the Network goes up by one level in the sponsor line, to the next actually active Preferred Customer. After losing his/her Network, the Member does not have the chance to get it back, but she/he can build a new Network.

5 DBA

- 5.1.** If the Customer or Preferred Customer wishes to build business at Flavon as a business activity, she/he can register his/her company as DBA in the system. In case of registering DBA, DBA will be entitled hereinafter for commission and product voucher.
- 5.2.** Flavon automatically demands the registration of DBA from those Customer or Preferred Customer whose commission generated annually reaches the limit of VAT registration in the given country.

- 5.3. In case of DBA registration, the request for registration, must be filled by the official representative of DBA and sent to Flavon. Besides the request she/he also needs to send a proof of VAT registration and registration, existence of enterprise via post, email or fax.

6 Remuneration for turnover

6.1 Product voucher, voucher price: Based on the turnover of their network our Partners are primarily entitled for product vouchers, which can be used for purchasing Flavon® products at a preferential price shown on the voucher. Voucher prices are listed in the updated price list of Flavon International Ltd., its amount is defined according to the turnover of the reference month. On each joined position one product voucher is issued by default every month if the position is entitled for voucher. Customers and Preferred Customers have the chance to indicate in his/her back office if she/he would like to get more than 1 voucher within the reference month. For the turnover of one month there can be maximum 3 vouchers issued, their amounts depend on the turnover of the given position. Flavon® uses the entitlement for the highest preference when issuing the first and maybe second voucher, so in this way if the Customer or Preferred Customer would like to have more than one voucher but based on his/her turnover is entitled for only one voucher, she/he will get one voucher. Product vouchers are valid for 6 months after their issuance. Only one voucher can be redeemed per purchase of one carton product.

6.2 Commission

6.2.1 Statement of commission: Flavon International Ltd. pays commission to Customers or Preferred Customers for any cartons purchased for personal use in addition to the activation carton and purchases in his/her Network if she/he is entitled for commission above product vouchers.

6.2.2 Certificate of Fulfilment: Flavon International Ltd. makes commission accounts based on the sales of the given calendar month for each Preferred Customer or DBA eligible for commission. Certificate of Fulfilment records exclusively commission generated over the vouchers entitling its holders to purchase products for voucher price. Flavon International Ltd. sends the net commission accounts electronically to the e-mail address given by the Preferred Customer or DBA on the 15th day in the month following the month of purchase. Provided the Preferred Customer or DBA does not agree with the content of the Certificate of Fulfilment or it does not correspond to her/his calculations, she/he has 15 days following the date of receipt to inform Flavon International Ltd about the discrepancy/discrepancies encountered. We will not take into consideration any complaint received thereafter. The payment of commission follows this according to the regulations set in this document.

6.2.3 Types of Commission: 65% of the commission base of Flavon products can be paid back to Preferred Customer or DBA as commission, 60% as basic commission and 4%+1% as leadership bonus reduced by the amount deducted for entitlement for voucher price listed in the updated price list of Flavon International Ltd. Basic commission cannot be blocked, while leadership bonus is differential bonus, therefore it can be blocked.

- Active (see above for the definition of active Network Builder) and legitimate participation at Flavon.

6.2.6.3 for DBAs commission for the given month will be transferred as indicated in the Certificate of Fulfilment against an invoice.

6.2.7 Deductible items from commission: Directly from the commission Flavon International Ltd. deducts all taxes, public liabilities collected as taxes which must be paid by Flavon International Ltd as payer of commission according to the given country's regulation and the country's regulations allow their deduction.

6.2.8 Network-management fee: Flavon International Ltd. may charge network-management fee for every DBA if the management of the given network results in extra costs, expenditures for Flavon International Ltd and the DBA's commission generated in the given month reaches or exceeds 60 euros in the certificate of fulfilment. In this case the amount of network-management fee in every month is gross 1 euro for each active Member in the network of the Member. Flavon invoices the network-management fee to the DBA and compensates it with its payable commission.

8 Types of Income¹

8.1 Types of basic commission:

8.1.1 Rebate for personal turnover: Customers, Preferred Customers or DBAs receive no rebate on the first carton of products (i.e. the Activation Carton) purchased in the given month on the position. If the position of Customer, Preferred Customer or DBA purchases more cartons – except for VIP pack - in a given month, she/he gets 20% personal rebate per carton from the base price of each carton above the Activation Carton after the closing of the given month, irrespective of the date of joining the Network.

8.1.2 Quick Start: in the entry month of the new Member and the following month the sponsor line is entitled to 20-20-20% commission on 3 active levels for his/her Activation Carton (3 points)

Flavon International Ltd. pays 20% individual rebate for every carton purchased in addition to the Activation Carton on the quick-starting position. In this case, 40% is divided on the sponsor line, since Flavon International Ltd. has already paid 20% out of the 60% basic payback as personal rebate.

¹ Remuneration calculated based on methods described in types of income listed in this chapter also includes the voucher price, so when defining the actually generated and payable commission one has to take into consideration the amount of refund according to product vouchers, by which the amount has to be deduced.

8.1.3 Income by levels: every active Customer, Preferred Customer and DBA is entitled to 5% commission by levels for the Activation Cartons of Customers, Preferred Customers and DBA in his/her Network passed their Quick Start period on 12 active levels.

Flavon International Ltd. pays a 20% personal rebate on each purchase of Customers, Preferred Customers and DBA above the Activation Carton – VIP pack not included - , so in this case the sponsor line is eligible for 40% commission on 12 active levels in total.
