II./Introduction

Thank you for taking the time to read our Organizational and Operational Regulations. The main goal of our regulations is to inform you about all the important information and the rules used by Flavon. Flavon reserves the right to amend this regulation anytime. - b) make an extraordinary business opportunity available to everyone, by which everyone participating in the sales of Flavon products may receive material appreciation, thus providing a chance to achieve a prosperous business and financial independency.

Neither Flavon's employees, nor its Members can guarantee a particular income to anyone; one's income depends on the person's aptitude, skills and invested work.

Products may only be marketed in MLM – multi-level marketing.

III./ Definitions

1. Member/registration carton

A Member is a natural person who enters into a Membership Agreement with Flavon. After the registration the new Member receives a registration e-mail and an ID number starting with M-. The condition of becoming a Member is to purchase the registration carton within 3 months after the Membership Agreement is signed or the registration is finished. Flavon categorizes Members into 3 groups: Customers, Preferred Customers and Networkers.

2. Customer

A Customer is a Member who joined our system solely to purchase Flavon products for personal use and/or for their family; Customers do not perform networking, sponsoring activities. Neither Customers, nor their enterprise conclude a Do Business As agreement (DBA agreement) with Flavon for the given position.

3. Preferred Customer

A Preferred Customer is a Customer who generates receivable commission in addition to their vouchers in the current year, but does not perform business activities and the amount of receivable commission in the current year does not reach the limit of obligatory VAT registration in their country of residence.

4. Networker / sponsor

A Networker or sponsor is a Member who performs networking and sponsoring activities for Flavon and as a result, there is at least one Member in Flavon's system directly recruited by him/her. The Sponsor is the Member who directly recruited the given Member. Networkers are required to enter into a Do Business As agreement with Flavon by a company, hereinafter referred to as DBA, through which the Networker/Sponsor carries out their networking and sponsoring activities.

5. Carton

One carton means 4 jars of products for Basic products, 3 jars for Premium products, 60 sachets for Peak products, and 40 sachets for a Complex Pack. Mixed cartons are also available.

6. VIP Pack/VIP Member

If Members buy a VIP Pack, containing 8 cartons of products at a time, they pay a special, reduced price. The price of the VIP Pack is listed in the prevailing price list. Members purchasing a VIP Pack are called VIP Members who are entitled to the following advantages for 12 months after achieving the status:

- a leadership business position (a position starting with "L-")
- a VIP badge;
- a dedicated place in the first lines at the central events of Flavon business group;
- see both of their own and their entire network's turnover;
- further special reports available in the Back Office.

There is no compensation for personal turnover for a VIP pack.

7. Activation carton

An activation carton is the first carton purchased from any Flavon company in a given month, and it is worth 3 points. The purchase of the activation carton is one of the conditions (being active) of earning commission on the position in the given month. Nevertheless, the purchase of the activation carton alone is not sufficient to fulfil the Networker's duties.

8. Leadership business position

The Leadership business position is for VIP Members exclusively; it is a second position connected to the VIP Member's position. The Leadership business position is directly under the VIP Member's M-position, and its ID number starts with "L-". The VIP Member's position and the Leadership business position together are considered as Unified Membership. Upon the termination of the VIP Member's status, the L-position is automatically terminated as well.

The Leadership business position has the same status as the VIP Member's position, which means that:

- if the VIP Member's position is terminated in any form, the related Leadership business position will be terminated as well.
- activation cartons cannot be purchased for this position, the conditions of the active Leadership business position are:
 - activation carton is purchased on the VIP Member's M-position and
 - the turnover of the VIP Member's network must reach at least 300 points on 6 levels in the given month, excluding the turnover generated under the Leadership business position.

Purchasing a VIP pack entitles Members to have the Leadership business position for 12 months, starting from the date of the last VIP Pack purchase. Without a new VIP pack purchase, after 12 months, the L position will be automatically deleted and the Members sponsored by this position will be sponsored by the VIP Member's M-position.

9. Partner-position

Upon registration Customers are entitled to name another natural person with whom they will share the position. The designated person, listed secondly, is the Partner of the Customer, whose name will be displayed at qualifications and events, together with the name of the Customer. The Customer is responsible for the lawful activity of the Partner. The Partner is not Flavon's independent contracting partner and therefore an independent legal relationship is not created.

10. Personal turnover

A Member's Personal turnover means every purchase of Flavon cartons registered for the given position during a month. Types of cartons: registration carton, activation carton, cartons above the activation carton.

11. Sponsor line

A sponsor line is a chain of members; a particular Customer, her/his active sponsor, the active sponsor of his/her sponsor, etc., who cooperate in networking activities. All sponsor lines start from Flavon. The sponsor line is not broken even if any of its Members becomes inactive, quits or is excluded from the network. In this case, the sponsor line continues to function by leaving out the inactive Member.

12. Team

A team is a network, built and sponsored by the Networker.

13. DBA - Do Business As

Do Business As (DBA) is a business organization, sole proprietor or any other VAT registered form according to legislation of the given country, – not including non-profit organizations – which enters into a Do Business As agreement with Flavon.

14. Turnover of the month

The turnover of the month is the total amount of business generated in the Networker's team, for which all the payments are received by Flavon by the closing date of the given month. The closing dates are available on Flavon's official website, at "Closing dates". If a report, sum of money, membership agreement, etc. is received by Flavon after the above mentioned closing time (punctually to the hour), it will be registered and accounted for the following month.

15. Closing dates of the month

The closing dates for each month are listed at the "Closing dates" menu on the website of Flavon.

16. Points

- a) 3 points: registration cartons and activation cartons mean 3 points.
- b) 2 points: every carton purchased in addition to the registration or the activation carton in a given month means 2-2 points.

17. Quick start period

The Quick start period is the month the new Member joins and the following month.

18. Quick start points

The calculation method of quick start points, necessary for leadership positions and other qualifications, is summing the points gained for the purchases of quick starters on the first 3 active levels of the Member in question.

19. Compensation

There are two types of compensation at Flavon:

- a) vouchers and
- b) commission: basic commission or leadership bonus (differential bonus or extra differential bonus).

20. Basis of compensation / base price

The basis of commission is the base price of one carton product. For the amount of commission base please see Flavon UK Ltd.'s prevailing price list.

21. Autoship

Members registered for the Autoship program are offered continuous activity. With the help of a one-time registration and credit card transaction online, further payments can be initiated, with the bank card information provided earlier. This way, the Member gets automatically activated by Flavon, each and every month. The detailed terms and conditions of the autoship system can be found in Flavon's Operational and Organizational Rules, in annex no. 1.

22. Self-billing

Flavon itself prepares the DBA's invoice of commission on behalf of the DBA. Flavon does self-billing only, if authorised by the given DBA agreement or by an individual agreement between Flavon and the DBA.

23. Force majeure

Neither party shall be in breach of contract or liable for any delay or failure to perform any of its obligations under any agreement or contract with Flavon if such delay or failure is the result of an event, circumstance or cause beyond its reasonable control. In such circumstances, the period of performance shall be extended by a period equal to the period during which performance of the obligation was delayed or failed OR the party concerned is entitled to a reasonable extension of the period of performance of the obligation. If the period of delay or non-performance continues for a period of 2 months, the non-affected party may terminate the contract concluded by giving 30 days' written notice to the affected party.

IV./ Members

Every Member is an independent contracting party who is obliged to run her/his business in line with the Membership Agreement and the laws of the Member's particular country. Only an adult natural person can become a Customer and Preferred Customer. Members and DBAs are obliged to fully comply with applicable regulations and with this Organizational and Operational Regulation, and to act according to them during the course of legal relationship.

1. Member and DBA

If a company, specified by the Member, enters into a Do Business As agreement with Flavon on the Member's position, the DBA will be entitled to the compensation generated on the position.

Flavon automatically requests the registration of a DBA from those Members whose annual commission amount reaches the limit of VAT registration in the Member's country.

In case of having any changes in the company's details, in the legal relationship between the company and the Member or in the Member's personal details, the Member/DBA is obliged to inform Flavon about it with no delay. Flavon accepts no responsibility for any undue transfers or payments caused by the lack of notice. Flavon is entitled to terminate the agreement with immediate effect if the Member fails to fulfil the obligation to provide information.

2. The principle of "one Member-one position"

Members can have only one position in Flavon's system. Concluding or transferring fake, fictional agreements or agreements with an ulterior motive is strictly forbidden. If any Member or DBA enters into or gets involved in an agreement like this, it will result in immediate exclusion.

3. Unified membership

Positions of spouses, life partners or relatives living in the same household are handled as one position, thus they can be placed exclusively on the same sponsor line, sponsoring each other.

The regulations on the Unified Membership of the present Organizational and Operational Regulations shall be applied as if it was one position. If it comes to terminating any of the Membership statuses, for any reason, the Membership will be terminated automatically regarding the side position, too – except for cases regulated by section IV/8 a and c - and the DBA agreement(s) registered by the Members will be terminated as well. If Flavon learns that the spouse, life partner or relative, living in the same household of any of the Members, is registered to a different sponsor line, the Member in question will be transferred automatically below the position of his/her spouse, life partner, or relative living in the same household.

4. Transferring positions

The Membership status is bound to a person; it can only be transferred with a prior written consent of Flavon, which the Member must request in writing. The condition of approval in respect of a position transfer is that the new owner commits himself/herself to purchase the activation carton on the respective position in the first three months after the position transfer. It is a serious breach of contract if the new owner fails to comply with this obligation. Flavon will make a decision within 30 days upon receiving of the request. Partner-positions and Unified Membership can be transferred together only. When the Membership status is transferred, the Membership of the former Member is terminated; the Member loses her/his network and cannot join any other Member for 1 calendar year. As a new Member she/he can rejoin her/his former sponsor any time. The original owner is entitled to invoice

the commission accumulated on the position before the transfer. After the transfer it is the new owner of the position who controls the commission accumulated. Commissions cannot be collected retrospectively.

5. Exchanging positions

The same rules apply to exchanging Membership statuses as to transferring positions with the exception that the Membership statuses are not terminated, as the two Members transfer their positions to each other. Flavon may reject any exchange requests. If the underlying intention of the exchange is changing sponsors, modifying or rearranging the structure, it will result in immediate exclusion.

6. Changing Sponsors

Members can change their sponsor only with Flavon's permission, on condition that the Member requests the sponsor change in writing, and the Member's sponsors on 12 levels consent to it. If the sponsor line is not that long, signatures must be collected up to Flavon inclusively. Partner-positions and Unified Membership can request sponsor change together only. The Member requesting the change will be deleted from his/her earlier position and will be allowed to join his/her new sponsor immediately. In this case, Members cannot take any of their recruited Members, or their Network with them, they will be taken over by the Member's former direct sponsor. Flavon may reject any request of sponsor change if there are grounds for assuming the underlying intention of modifying or rearranging the structure.

7. Losing one's team

If the Sponsor does not buy his/her Activation carton in 6 consecutive months, she/he will be reclassified as a Customer and will lose his/her whole team (of unlimited levels) after the closing of the 6th inactive month. In this case, the team goes up one level in the sponsor line, to the next active Member. After losing one's team, the Member does not have the right to recover it, but can become a Sponsor again by building a new team.

8. Termination of a Membership Agreement

- a) Either party can terminate the Membership Agreement any time by sending a written notice of termination to the other party by the end of the current month. If former Members wish to be Flavon's Member again, they can join anybody after 1 year of the termination. Within 1 year they can only register under their former Sponsor as a new Member, but they cannot get back their former network.
- b) Expulsion: Flavon is entitled to terminate the Membership Agreement and the DBA agreement with immediate effect in case of a breach of contract by sending a written notice to the Member. At the time of expulsion, Flavon terminates the expelled Member's DBA agreement. Non-compliance with the Membership Agreement, with the DBA agreement, with these Organizational and Operational Regulations, not keeping in touch with Flavon and non-cooperation will result in immediate expulsion. Members and their relatives expelled for breach of contract cannot join Flavon for 1 year from the expulsion.
- c) Inactivation: if the Member does not buy his/her Activation carton for 12 consecutive months, his/her Membership Agreement will be terminated and the Member will be deleted from Flavon's system. The DBA agreement on this position will also be terminated automatically.

The network of the terminated position will be moved one level higher on the sponsor line in accordance with the termination.

9. Communication, Notices

Any notice or other communication given to a party under or in connection with this contract shall be in writing and shall be:

- 1 delivered by hand or by pre-paid first-class post or other next working day delivery service at its registered office (if a company) or its principal place of business (in any other case); or
- 2 sent by fax to its main fax number; or
- 3 sent by email to the most recent email address notified or used by the other party.

Any notice or communication shall be deemed to have been received:

- 1 if delivered by hand, on signature of a delivery receipt or at the time the notice is left at the proper address;
- 2 if sent by pre-paid first-class post or other next working day delivery service, at 9.00 am on the second Business Day after posting [or at the time recorded by the delivery service].
- 3 if sent by fax, at 9.00 am on the next Business Day after transmission.
- 4 if sent by email, on the next Business Day after transmission provided no transmission failure report was generated.

This clause does not apply to the service of any proceedings or other documents in any legal action or, where applicable, any arbitration or other method of dispute resolution. For the purposes of this clause, "writing" shall include email.

If the delivery of any document failed because the addressee did not take it, refused to take it, or moved to an unknown location, the document shall be deemed delivered on the 5th working day after the second postal delivery attempt.

10. Other MLM networks

Prior to signing the Membership Agreement and the DBA agreement, Members are obliged to inform Flavon if they, their close relatives, or a company at which the Member is a representative, a member or an employee performs commercial agency activities of similar scope (i.e. are members of another network), in knowledge of which Flavon may deny to contract.

If a Member or a company at which the Member is a representative, a member or an employee wishes to join another company operating in a similar system, directly or indirectly (i.e. wants to sign an agreement about commercial agency activities of similar object, with another company), the Member is obliged to obtain a prior written consent from Flavon. It is a serious breach of contract from the Member's and the DBA's side if a Member fails to learn the provisions laid down above, which will result in immediate exclusion.

It also results in exclusion if the Member and/or the DBA is an owner or a representative in any other company that works in MLM-system and/or distributes dietary supplements.

11. Discounting

Flavon's interests are harmed if the Member or anyone connected to him/her in a verifiable manner distributes Flavon products at a lower price than listed in the prevailing price list.

12. Advertising, promotional materials

Members can only use publications, brochures, books, CDs, DVDs and websites which were released/published by Flavon. These materials cannot be altered and must be applied in line with their

originally intended purposes. Creating own materials and advertisements should always be approved by Flavon in advance. Members are forbidden to make any misleading statements about the products or to attribute healing or preventive effects to them. Everyone is free to share their own personal testimonials. Making any statements to the press or media (either in written or electronic form) about the products or the network without the written permission of Flavon is forbidden. Members shall take all consequences of their unfair commercial practices. Flavon is not to be held responsible for such behaviour.

13. Cross-line sponsoring

A. Sponsors violate Flavon's interest, if they are aware that their potential new Member is already registered to Flavon's network in a different sponsor line, and yet they sponsor her/him as a new Member. Sponsors who engage in cross-line sponsoring and thereby in concluding fictional contracts, will lose their commission for 1-6 months - upon the violation of rules is unveiled - depending on how many cases of cross-line sponsoring they were engaged in. In serious cases, Flavon has the right to exclude the Sponsors from the system, i.e. to terminate their Membership Agreement and the DBA Agreement for serious breach of contract.

B. A Member who is involved in cross-line sponsoring (i.e. previously joined the network on a different line and is joining another sponsor by entering into a new fictitious contract) can only keep the position belonging to the first registration, all the other positions acquired subsequently will be deleted, and the teams built up and the commission earned on those positions will be forfeited, as soon as the violation becomes known. If a Member repeatedly violates this clause, Flavon has the right to terminate his/her Membership Agreement and DBA Agreement for serious breach of contract.

14. Trainings and events

Participating in trainings and events organized by Flavon is free in all cases, except for anniversary events. The conditions of participating in certain special training sessions are communicated to Members via email and are published on Flavon's website. Travelling and accommodation costs of the trainings are covered by the participants themselves; Flavon may cover these costs if the conditions set in the qualification's announcements are met.

15. Each Member shall:

1. comply with all applicable laws, statutes, regulations [, and codes] relating to anti-bribery and anti-corruption including but not limited to the Bribery Act 2010
2. not engage in any activity, practice or conduct which would constitute an offence under sections 1, 2 or 6 of the Bribery Act 2010 if such activity, practice or conduct had been carried out in the UK;
3. comply with the Code of Ethics and any anti-bribery and anti-corruption policies that Flavon implement from time to time.

16. Intellectual Property

Each Member acknowledges that Flavon's rights to the Intellectual Property used on or in relation to Flavon® products and Flavon's business and the goodwill connected with that are Flavon's property.

17. Confidentiality

The Member undertakes that it shall not at any time during this Agreement, and for a period of five years after termination of this Agreement, disclose to any person any confidential information

concerning the business, affairs, customers, clients or principals of Flavon or of any member of the group of companies to which Flavon belongs.

18. Force Majeure

Neither party shall commit a breach of this Agreement or is liable for delay in performing, or failure to perform, any of its obligations under this Agreement if such delay or failure results from events, circumstances or causes beyond its reasonable control. In such circumstances the time for performance shall be extended by a period equivalent to the period during which performance of the obligation has been delayed or failed to be performed OR the affected party shall be entitled to a reasonable extension of the time for performing such obligations. If the period of delay or non-performance continues for 2 months, the party not affected may terminate this Agreement by giving 30 days' written notice to the affected party.

V./Product prices

1. Price for Members

For Members the current price of one carton of product is displayed in the webshop on Flavon's official website. When placing an order on the website, the prices indicated on the day of the order are applicable.

2. Voucher

1. Vouchers are issued to a given position.
2. In line with the compensation plan, for the turnover of their network Members receive vouchers - worth not more than 60 % of the base price - entitling them to purchase products at the preferential price which is indicated on the voucher.
3. By default, one voucher is issued for each position every month, provided the amount of turnover for that month makes it possible.
4. Members can set the preferred number of vouchers created from their turnover in their Back Office until the last working day of the month.
5. Maximum 3 vouchers (worth not more than 60 % of the base price) are issued in a month for the active positions that meet the above mentioned conditions. Vouchers entitle Members to purchase products at a special price, displayed on the voucher (different from the standard price). The number of vouchers issued depends on the turnover on the position.
6. If Members would like to request more than one voucher, but their turnover does not make it possible, they will be entitled to only one, and will receive only one voucher.
7. If Members also have turnover at another Flavon company, located in another country, they can request vouchers from that other company as well, until the last working day of the month.
8. Vouchers may be used for 12 months after they are issued.

VI./ CP (Coordination-Point)

Coordination Point owners are those Members or DBAs who enter into a Coordination Point agreement with Flavon.

Eligibility conditions of concluding a CP agreement:

1. the Member or DBA reaches the entitlement to commission worth at least the price of 12 carton of products in two successive months, or
2. the Member or DBA is given a guaranty of payment by an Elite Leader and their DBA in the Member's sponsor line, whose network reached at least the Elite level turnover in the previous month, or
3. the Member or DBA deposits the value of 12 cartons of products to Flavon when placing the order.

The CP owner and Flavon enter into a separate agreement with each other with the purpose of the CP owner supplying products directly to current or future Members and DBAs. The CP owner can order 12 cartons of product at a time. The CP owner should keep record of the sales, report and pay for the cartons once they have been sold. The CP Owner makes reports in the Back Office. The CP owner transfers the payment received for the sold products to the bank account of Flavon on the day of the sale. The payments received by the CP owners for the sold products are not the property of the CP owners, thus they cannot use them as their own. If the CP owners do not transfer the received money without delay, they will commit a serious breach of contract, which will entail the termination of the CP Agreement, the DBA agreement, and all the Membership Agreements related to the DBA agreement, with immediate effect. Flavon will issue invoices to customers whose names are reported by the CP owner.

VII./ Rules about the payment of commission

1. Declaration of commission

Flavon pays commission on personal purchases made in addition to the activation carton and also for purchases made in the network, if the Member is entitled to receive commission in addition to vouchers.

2. Entitlement for commission payment

Conditions of entitlement for commission:

- A. Preferred Customers not living in the UK: correctly fill out a Commission Payment Form for Flavon (in which they agree to the payment of taxes and contributions as well as to the fulfilment of other obligations according to the regulations of their own country)
- B. Preferred Customers living in the UK: fill out an M9 Form for Flavon properly (in which they acknowledge that all taxes and contributions shall be deducted from their commission and be paid to the tax office, thus, they will receive the reduced amount of commission)
- C. DBAs: adequately fill out a DBA agreement for Flavon

3. Registration of a DBA

In case of registering a DBA, it is the official representative of the DBA, who has to fill in the registration form and return it to Flavon. In addition to the registration form it is also necessary to provide us with the proof of the DBA's VAT registration and also with a copy of the relevant documents, certifying the registration and existence of the business, via e-mail or by post.

4. Conditions of commission payment for the DBA

- a. legal entity, sole proprietorship or other form of association designated under the legislation in force in the country concerned, which entity/form can be validated in an electronic official register (DBA);

- b. existing DBA agreement between the DBA and Flavon, for the given position;
- c. existing, legal relationship between the DBA, registered in point no.1, and the Member on the given position, entitling the Member to perform the given activity;
- d. the existence or the inclusion of the appropriate scope of activity by the DBA, entitling the DBA to perform networking activity;
- e. the DBA does not pursue any other commercial networking activities within the same scope, with any other businesses;
- f. Additional conditions for a DBA, with a foreign business location:
 - i. if the DBA is registered within the European Union, the existence of a valid EU VAT number;
 - ii. full compliance with the legislation of the home country where the business is registered.

The DBA is entitled to collect the monthly commission indicated on the certificate of fulfilment, against invoice.

5. Conditions of commission payout in the given month

- 1. activation carton is purchased in the given month before 12.00 noon, last working day of the month,
- 2. responsibilities of the Networker, Preferred Customer and DBA are fulfilled (see sec. 12),
- 3. fulfilment of other conditions related to certain types of commission.

If Flavon learns subsequently that Networkers and DBAs did not fulfil their responsibilities, Flavon has the right to withdraw the generated commission from them.

6. Certificate of Fulfilment

Flavon issues a Certificate of Fulfilment based on the sales of the given month for each Preferred Customer or DBA who is eligible for commission and sends the document electronically to the e-mail address provided by the Members no later than the 8th day of the following month. The Certificate of Fulfilment only involves commissions generated above vouchers. If the Members do not agree with the records in the Certificate of Fulfilment or if those records do not match the Member's records, they have 15 days following the date of receipt to inform Flavon about the discrepancies. Complaints received thereafter will be automatically dismissed. The commission is then paid according to the regulations set in this document.

7. Amount of commission

- 1. if the Preferred Customer does not live in the UK, the full amount of commission indicated in the Certificate of Fulfilment will be transferred;
- 2. if the Preferred Customer lives in the UK, Flavon pays the governing authorities all the contributions and taxes regarding the commission indicated in the Certificate of Fulfilment, and transfers the remaining amount to the Preferred Customer;
- 3. DBAs can collect their commission indicated in the Certificate of Fulfilment against an invoice.

8. Deductible items from the commission

Directly from the commission amount, Flavon deducts all taxes, public liabilities collected as taxes, which Flavon as the payer of commission has to settle according to the respective country's regulation, if the related regulations allow such deduction.

9. Network management fee

Flavon may charge network management fee to every DBA if the management of the given network results in extra costs, expenditures for Flavon, and the DBA's commission generated in the given month reaches or exceeds 60 euros in the Certificate of Fulfilment. In this case, the network management fee is 1 euro gross every month, for each active Member in the relevant network. Flavon invoices the network management fee to the DBA and compensates it with its payable commission.

10. Deadline for collecting commission

After the end of Flavon's business year (1 January - 31 December) there is no possibility to collect commission retrospectively. Commission, generated based on the turnover of December, can be collected until 31 December of the following year.

11. Responsibilities of Networkers, Preferred Customers and DBAs

- a. full compliance with the DBA agreement, with these Operational and Organizational Rules and Regulations, General Terms and Conditions and the relevant legislations;
- b. in case of having any changes in their personal details or legal relationship (in compliance with the data protection rules), they must notify Flavon immediately;
- c. in case the DBA, its affiliates or any of its members or representatives want to join another system with a similar scheme; with the aim of entering into a contract with it, obtaining Flavon's prior, written consent is a must (excluding Flavon's affiliates), before entering into the new contract. The lack of such consent results in the immediate termination of both the Member's DBA agreement and Membership status;
- d. they shall make all reasonable efforts to perform their duties.
- e. Compliance with laws
 - i. Each party shall at its own expense comply with all laws and regulations relating to its activities under this Agreement, as they may change from time to time, and with any conditions set by applicable licences, registrations, permits and approvals;
 - ii. Each DBA shall be responsible for obtaining all the import licences or permits necessary for the sale of Flavon products in the country that the DBA operates within;
 - iii. Each Preferred Customer and DBA is an independent contracting party regarding taxation, too; they are not considered employees, franchise partners, related undertakings or agents according to legislations about public internal finance, social security, income, labour and other local regulation. In this way, Preferred Customers and DBAs are liable for declaring and paying tax and contribution on incomes received from Flavon. Flavon cannot be held liable for any tax or social contribution that was not declared and/or paid by Preferred Customers or DBAs. If authorities later hold Flavon accountable for any debt of tax and/or social contribution that was not paid, Flavon is entitled to claim the paid amount from Preferred Customers or DBAs primarily by deducting it from their next commission (compensation). Flavon acts in the same way if any authority imposes penalty or claims other contribution as a result of the behaviour of Preferred Members or DBAs;
 - iv. Preferred Customers are responsible for the classification of their activity, whether their activity at Flavon is considered as business activity or not; only Preferred Customers can be held liable for any consequences arising from it, as Flavon does not have full insight on the actual activity of Preferred Customers;
 - v. Providing correct tax number is the responsibility of DBA;

- vi. Flavon has the right to invalidate any membership which contains incorrect social security number or tax number, or contains the number of somebody else;
- vii. Flavon is entitled but not obliged to check the received, provided information, invoices – except for EU VAT numbers.

12. Tasks of Networkers, Preferred Customers and DBAs

- a. tasks of a Sponsor: Networkers assist the work of their team; pass on relevant information according to their leadership ranks; train their Members, attend the team's internal meetings; stay in touch with their Members and answer their arising questions; inform them about the actual qualifications and upcoming events, coordinate their participation in such events; present new Members with Flavon's regulations and events aiming to support networking, and also with the use of the tools provided by Flavon;
- b. tasks of a Networker:
 - to recruit new Members; work actively and take all the reasonable steps in order to sell products and to build his/her team;
 - to register new Members to Flavon's network;
 - to participate in Flavon's events at appropriate intervals, and to give presentations upon request;
 - to keep in touch with Flavon in person, via e-mail or by phone.

13. Consequences of not performing the Networker's tasks

- a. If Members do not fulfil their duties, Flavon will send them a letter of formal notice, requesting them to perform their duties by an extended deadline . If they fail to do so by the end of the period indicated in the letter of formal notice, Flavon is entitled to terminate the Membership Agreement and also the DBA agreement with immediate effect, for committing a serious breach of contract.
- b. In case Flavon subsequently becomes aware that any of its Members or DBAs failed to fulfil their duties, a claim of penalty payment for non-fulfilment will arise. The extent of the penalty equals the commission of the Member/DBA, generated in the months affected by the breach of contract. Flavon is entitled to include the amount of the Member's/DBA's commission - which was credited but was not collected yet - into its claim of penalty payment.

14. Termination/automatic termination of the DBA agreement

14.1 Termination of the DBA agreement

- a. Either party may terminate the agreement by giving a written notice by the end of the month in question. The notice period is 1 month in the first year of the contract, 2 months in the second year and 3 months in the third year and thereafter.
- b. In case of a breach of contract, either party can terminate the agreement with immediate effect by giving a written notice to the other party, if the other party seriously breaches its obligations set out in the agreement, in the Organizational and Operational Regulations or legislation in force. For DBAs especially the following activities are considered a breach of contract:
 - illegal advertisement of the products in pharmacies;
 - discounting;
 - the evasion of the network structure, or the attempt for such evasion by fake contracts;
 - misleadingly stating that the products have healing properties;

- using statements that damage Flavon's reputation;
 - for the DBA, or its related business enterprise, or any of its members or representatives to join another company working with direct sales system, either directly or indirectly through a different company; without Flavon's written consent.
- c. Changing contracting party: DBAs can initiate the termination of their DBA agreement with Flavon by the end of the reference month, with the form provided for this purpose on condition that at same time the Member enters into a new DBA agreement with a new DBA, coming into effect from the first day of the month, following the reference month. In this case, the existing Membership Agreement for that position will not be terminated.

In case the DBA agreement is terminated, the Membership Agreements of Members who are representatives or members of the DBA will also be terminated, except when the DBA agreement is terminated by mutual agreement, as per part c) of this section.

If the Member or DBA violates the terms of their agreements with Flavon or this regulation, the obligation of penalty payment and indemnification will be imposed on them. The amount of penalty is ten times the commission that the Member or DBA received for their turnover in the previous month, or if the starting date of violation of any obligation cannot be determined, the amount of penalty is ten times the average of the commissions generated in the last 12 months. The entitled party may also claim compensation for damages over the penalty.

14.2 Automatic termination of the DBA agreement

- a. Losing one's team: if the Sponsor does not buy his/her Activation carton for the given month in 6 consecutive months, the DBA agreement between the Member's DBA and Flavon will be terminated automatically;
- b. the DBA agreement is terminated if the DBA's insolvency is established or if the DBA is the subject of a bankruptcy proceeding, compulsory liquidation, liquidation or forced strike off;
- c. the DBA ceases to exist.

DBAs are obliged to inform Flavon about any events listed in this section and about any changes in their data.

VIII./ Compensation plan

Types of commission described in this section are calculated based on the turnover generated by the given position's network, so the Member's position itself is the subject of all rules listed here.

1. Types of commission

Up to 65% of the base price of Flavon products is allocated as commission: 60% as basic commission and 4%+1% as leadership bonus. The amount of commission calculated this way is a net amount. Basic commission cannot be blocked, while leadership bonus is a differential bonus, therefore it can be blocked.

2. Types of basic commission

2.1 Commission for personal turnover

Members receive no commission for their first carton of products purchased in the given month (i.e. the activation carton). If Members purchase more cartons in the same month, except for VIP pack, they

get a commission of 20% of the base price for each carton above the activation carton, after the closing of the given month, irrespective of the date of the Member's registration.

2.2 Quick start

When new Members join the network, the sponsor line receives commission on 6 active levels for the new Members' activation carton (3 points) in the following way:

- 1st level: 20%
- 2nd level: 10%
- 3rd level: 10%
- 4th level: 5%
- 5th level: 5%
- 6th level: 10%

This is applied both in the month of the new Member's registration and in the following month.

In case the Quick Starter purchases additional cartons (2 points/carton) over the activation carton - except for VIP Pack -, Flavon pays the new Member 20% commission for the extra cartons. In this case, 40% is divided on the sponsor line, as Flavon has already paid 20% out of the 60% basic commission. It means that the sponsor line will receive the following commission for the Quick Starter's additional purchases over the activation carton:

- 1st level: 13,33%
- 2nd level: 6,66%
- 3rd level: 6,66%
- 4th level: 3,33%
- 5th level: 3,33%
- 6th level: 6,66%

2.3 Passive income

Every active Member is entitled to a 5% commission on 12 active levels for the activation cartons of those Members in their network, who passed their Quick start period.

When Members buy cartons (2 points/carton) in addition to their activation carton - except for VIP Pack -, Flavon pays them 20% commission for the extra cartons, so in this case 40% is divided on the sponsor line on 12 active levels.

3. Recruitment Incentive Program

- a. Members can purchase 2 cartons of products for the price of 1 carton if they reach 40 Quick start points on 3 active levels in a given month.
- b. Members can purchase 3 cartons of products for the price of 1 carton if they reach 80 Quick start points on 3 active levels in a given month.
- c. Members can purchase 4 cartons of products for the price of 1 carton if they reach 120 Quick start points on 3 active levels in a given month.

/These cartons are intended for personal use and for tastings, they cannot be sold for points./

IX./ Leadership ranks and leadership bonuses

1. Leadership ranks

There are various leadership ranks at Flavon as described below. A specific leadership rank is achieved by those Members who reach the given amount of turnover – listed under the given qualification – in the reference month, as defined below.

Regarding qualifications, Flavon calculates points by taking into account the Member's turnover on 6 active levels (excluding the 3 points for the active L-positions) and the points for his/her personal purchases up to 25 points, credited for the first 12 cartons. Leadership business positions are not considered active levels in this calculation. The method of calculating leadership bonuses is the same as that of calculating commission – activation cartons mean 3 points, any additional cartons mean 2 points when calculating the leadership bonuses of the leaders.

- A. Team Leaders: are active Members whose network's performance reaches 100 points on 6 active levels in a given month. They are eligible for the "Flavon Team Leader" title and pin; and also for participation with their partner (adult family member) in one of the two national Flavon events taking place after the first qualification for this rank, free of charge.

- are inactive for 4 months in total during the year (between 1st January and 31st December) after their qualification.

The day when Members lose their leadership ranks they also lose all the entitlements relating to the rank, including trainings, trips that the Member already qualified for – and for which the achievement of the leadership rank was a condition - but has not yet participated, and the prizes associated with other qualifications are revoked as well.

3. Blocking leadership bonus

Leadership bonuses (4% + 1%) can be blocked. The degree of blocking equals the degree of the leadership bonus the blocking leader is eligible for according to his/her rank (e.g. if blocked by a qualifying Elite Leader, a Diamond Elite Leader is given 1% leadership bonus for the blocked line instead of 3%. For the unblocked line(s) she/he receives 3%).

4. Withdrawing leadership bonus

Leaders are Flavon's partners with leadership ranks, who largely contribute to Flavon's image and good reputation with their behaviour in the network. If Members with leadership ranks harm Flavon's good reputation with their statements or behaviour, or violate the company's Code of Ethics, Flavon is entitled to deprive the Leaders of their leadership rank for a period of 1 to 6 months depending on the severity of the behaviour. During this period the Leader is not entitled to the leadership bonus.

Annex 1: Autoship terms and conditions

1. Definition of the Autoship system:

Autoship is - an online recurring bank card payment system – a function provided by PayXpert to accept payments with bank cards meaning that with the bank card data - provided by the Customer (Card Holder) during registration - additional payments can be initiated in the future without providing the bank card data again.

The recurring payment is based on the declaration of the Customer (Member), which can be done at the place of the purchase (on the website of the webshop or on PayXpert's website for payments). The Member declares that he/she is willing to use a recurring bank card payment, which enables him/her to pay Flavon UK Ltd. for all of his/her product purchases by providing his/her bank card data only once (one-time approval). Handling the Members' bank card data at PayXpert is happening in accordance with the rules and regulations applicable for bank card companies.

One-time approval means that in case of the first transaction (registration), the Member authorizes Flavon UK Ltd. to initiate recurring payment procedures for the price of the products which will be due in the future. By this approval the Member accepts that Flavon UK Ltd. will charge the Customer's bank card and the connected bank account with a previously defined amount and frequency.

2. The conditions of using the system:

Every Member who joined Flavon can register in the Autoship system, as long as:

- he/she orders the product directly from Flavon UK Ltd.;
- the price of the purchase is paid by bank card.

3. Rules for the autoship system:

3.1. The Customers' bank card data will not be stored by Flavon UK Ltd, the system is operated by using the service of PayXpert Ltd. in accordance with the relevant rules and regulations for credit card companies.

3.2. The registration in the Autoship system is open-ended which means that the Member undertakes liability to pay for the ordered cartons due for the actual month from the date of registration for an indefinite period of time.

3.3./ Due date: The 5th-10th-20th day (depending on the Member's choice) of each month. If it is not a working day, the due date will be the next working day.

3.4./ By using the "SKIP 1 MONTH" button, every Member has the option to withdraw from the purchase of the product in the given month - except for the month of registration and the following 2 months, therefore the first 3 months. Withdrawal can be done 2 days before the due date, at the latest. Any notifications arriving after this deadline will be considered by Flavon UK Ltd. as a request regarding the following month, which meets this condition.

3.5./ By using the „STOP“ button the Member has the opportunity to stop the use of the Autoship system from the next month following the due date – except for the first 3 months – it can be done 2

days before the due date at the latest. In case of notifications arriving after this deadline Flavon UK Ltd. will delete the Member from the Autoship system after the following due date which meets this condition.

3.6./ By using the "STOP" button, the Member deletes himself/herself from the Autoship system; in case the Member wishes to use the system again, he/she needs to place a new Autoship order by which he/she she enters into a new Autoship contract.

3.7./ Flavon UK Ltd. arranges for the ordered products to be delivered automatically, according to the previously given data, on the same due date of every month, without notice.

3.8./ If the Member would like to change the composition of his/her order, he/she can register it in the system 5 days before the due date of the actual month, at the latest. Any notifications arriving after this deadline will be considered by Flavon UK Ltd. as a request regarding the next month which meets this condition.

3.9./ The Autoship system automatically adds the available vouchers on the due date to the orders, in the currency of the order for the price of the activation carton of the given month, with the maximum amount defined in the prevailing Organizational and Operational Regulations.

3.10./ In case of successful payment, the Member will be notified in the same way as he/she would be in case of an average credit card payment.

3.11./ By registering for the Autoship system the Member agrees to learn the regulations of the General Terms and Conditions and accepts them legally binding for him/her.

4. Obligation to fulfil commitments:

Regarding the fact, that in case of a „One-time approval“ recurring payment, the Member does not have to authorize every single transaction one by one, Payxpert does not take any responsibility for unauthorized or false transactions initiated by Flavon UK Ltd. In case of any unauthorized or false transactions, Flavon UK Ltd. has the obligation to fulfil the Member's commitments.
